

**3. RIGHTS & RESPONSIBILITIES:** Each right comes with a specific responsibility. Government must not take away rights nor assume responsibilities from its sovereign citizenry, just as one person cannot take these away from another person.

**4. POWER OF LOVE VS. LOVE OF POWER:** The Declaration of Independence is the very embodiment of the two great Biblical laws of love (for God, and neighbor) and is central to the needed restoration. The Independent American Party brings back the Declaration of Independence, which addresses man's unalienable rights as being "...endowed by their creator..."

**5. THE LAW:** Most damaging to our Republic is the notion that we elect 'law makers.' This goes to the head of the demigod politician. The laws of nature and Nature's God (the foundation of America's Republic as stated in the Declaration) are eternal, and come from God. Like science applied to politics, we've gratefully discovered these laws, and seek to promote them in the interest of equality.

**6. WORK AND GLORY:** These two go hand in hand for every success. The Independent American Party is organized under correct principles to greatly magnify the effectiveness of the work and maximize the Glory of the restored Republic—a glory which will endure forever, just as correct principles endure forever.

## AMERICA'S POLITICAL SHIP IS HEADED IN THE WRONG DIRECTION

Imagine a system that replaces power seekers and influence peddlers with those who are best qualified to protect your rights, just as George Washington was called and supported into office.

Independent American Party candidates do not accept campaign contributions and do not call themselves to run for office. This frees up representatives to do their job instead of spending most of their time seeking money, power and means for re-election.

Independent American party candidates are supported by a system that asks humble, good, honest, and wise people to run for office—radically different from today's slick talking, virtue confessing self-promoters.

Our forefathers accepted the responsibility of self-rule

The Independent American Party brings back the *Great American Miracle*

The true purpose of government is to protect our God-given rights to life, liberty and pursuit of happiness; not to eliminate those rights.

Imagine taking the vote away from money and returning it to the people! This will not be accomplished under existing power structures ingrained within the two major parties.

**Say YES to the Independent American Party.** America's only party that aims to eliminate all political parties, and instead popularize the system that elected George Washington. Common sense answers are for those who care enough to reclaim the American Birthright—a *nation born Again!*

**The Great American Miracle is:** that as our forefathers accepted the responsibility of self-rule, God made the blessings of kings available to an entire nation. God's rule is self-rule. Rejection of self-rule is a rejection of God. When we reject God we reject His blessings of a free country!

## PEOPL stands for People Electing Only Principled Leaders

and can be summed up as citizens gathering to consider, discuss and then select the very best person to run for political office, then supporting that person into office, and beyond.

This is the return of citizen government, which is the polar opposite to the current power structures of American politics where the few (party leaders) select from the many (the people), then the many select from the few. Under a traditional party system the "lesser of two evils" has become the "evil of two lessers."

### The PEOPPL Process is Based in 6 Correct Principles:

- 1. PROMISE & HOPE:** The Restoration of our Republic is the promise. Abiding by correct Principle is the mission. During a recent election cycle, five communities tested this system at the local level. Four of the five won elections! The one that lost was by a single vote. The Independent American Party brings this together, not stopping until the restoration is complete at the local and state level first, then at the federal level.
- 2. CALLING & ELECTION:** This is the heart of the Restoration. America has been led astray by false political prophets. Replace these with statesmen elected using a system that recognizes and calls to serve those who are loyal to correct principles. Principled candidates running for office will immediately stop our political demise.
